New Patient Information

Lighthouse Dental of Tequesta

Hello [Sample](#) !

Thank you for choosing Lighthouse Dental of Tequesta to be your dental provider.

If you are choosing to use dental insurance, please email us a copy of your active dental insurance card or any active dental insurance information that you have. For HMO insurances, you will have to call your insurance company and assign Dr. Cassandra Dunn-Tackett as your primary provider. Make sure the address is Lighthouse Dental of Tequesta.

If available, please email us any x-rays taken within the last five years by a previous dentist so that we may have reference x-rays to what we will be seeing at your appointment. Due to HIPPA regulations, **you as the patient** have to request your x-rays from your prior dental office. Your prior dental office can either email the x-rays directly to us. Alternatively, the previous dentist can email the records directly to you, and then you can email them to us.

Please fill out your forms online prior to your dental appointment or arrive 10 - 15 minutes early to fill them out in the office.

Thank you for choosing Lighthouse Dental of Tequesta to be your dental provider!
